

The following instructions will guide you to connect your Windows 7 device to BC WiFi.

---

1. Click on your computer's "Wireless Icon" located in the bottom right hand corner of your screen.

2. Select the BC-Wireless WiFi network and click "Connect".

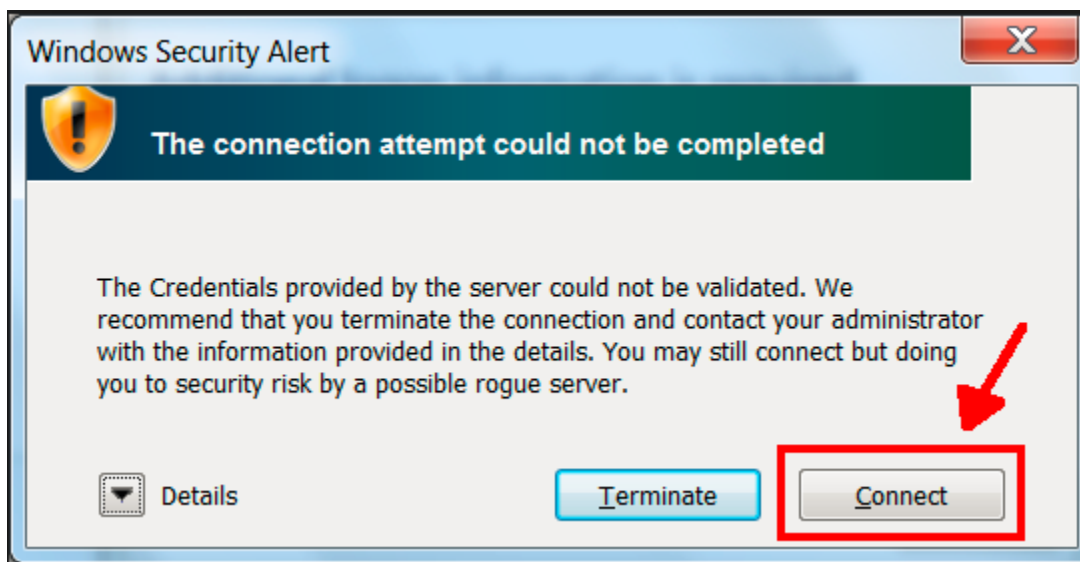

## Windows 7 Connecting to the Wireless Network

3. A prompt for your BC-Wireless Username and password will appear.

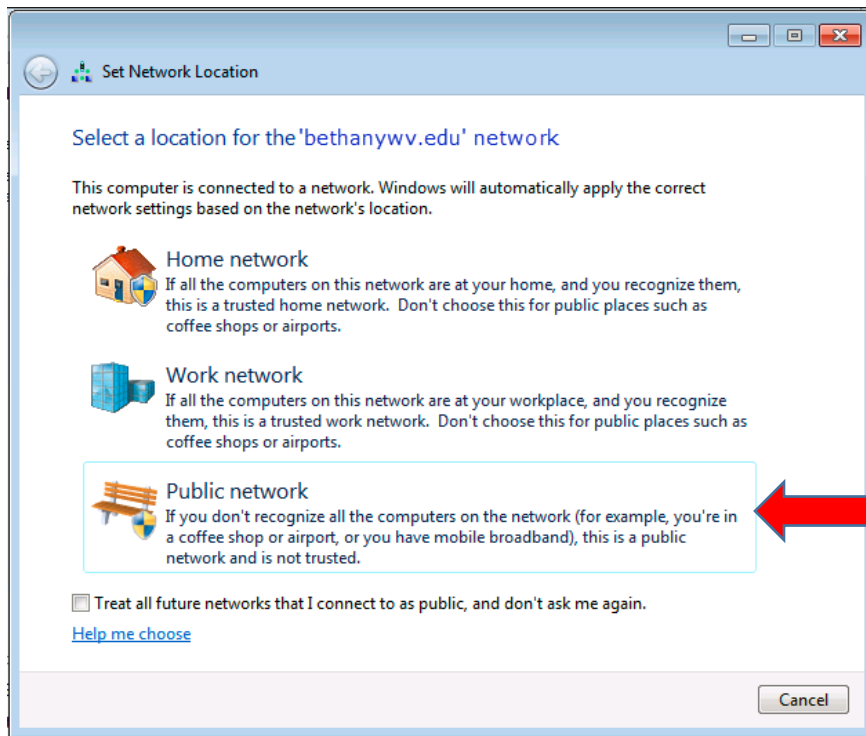

Enter the BC Username and Password.

4. A Windows Security Alert window will appear. Press “Connect” to join the wireless network.

5. Press “Public Network”.

---
